BRICK LAYING WILL

START THIS WEEK.

Twenty or more carloads of paving brick arrived Saturday and yesterday and four teams are delivering and stacking them along the streets that have been concreted. The laying of the brick will be performed by two colored professionals who arrived yesterday. The two brick layers with twelve men as tenders can lay about 55,000 brick each day, which is equivalent to completing a block a day—not counting the intersections. Each brick weighs nine and three-quarters pounds, so it will be seen the fellow who lays them handles over 130 tons of brick a day.

The present intention is to begin laying brick Wednesday afternoon or Thursday morning, and it is expected that the men engaged in excavating and concreting will be able to keep ahead of the brick layers.

The two brick layers pronounce the brick as good as any they have seen anywhere—that they are solid, even and the pressing and burning are uniform.

Parochial School Opens.

The Catholic school opened yesterday morning with an enrollment of one hundred and twenty-two. In the primer, first and second grades are thirty-nine, in the third, fourth and fifth, forty-one, in the sixth and seventh, twenty-seven, and in the eighth and ninth fifteen. The school is in charge of the Ursuline sisters of Creston Hill, Ind., and Sister Liberta, instructor in piano, voice and violin has a class of seventeen. The new building is not quite complete, therefore some inconvenience will be experienced this week which will be overcome in a few days.

Asked to Close Stores

The county fair management asks that all business places close from 1:30 to 5:00 o'clock Thursday and Friday afternoons and it is probable that a majority will do so. With varied attractions those afternoons at the fair ground, practically everybody will be there and the streets are likely to present the appearance of a deserted village. The merchants, therefore, in closing, will lose but little trade.

Kennedy Will Be Here Friday.

The republican county central committee has been advised that John L. Kennedy, republican candidate for United States senator, will be in North Platte next Friday and will speak at the fair grounds at 1:30 in the afternoon. Mr. Kennedy is a good talker, a logical reasoner and will interest his hearers.

THE ARE HUNG SCALES IN THE Balance

Occasionally we find a man who does not believe in Life Insurance.

"I've been getting along without it this far and when my time comes I'll have made enough money to leave my family all right."

This Man Forgets

that life is an uncertain quantity; that the "scales are hung in the balance"; and that every man, according to Life Insurance figures, becomes "a poor risk" at a certain age, and for certain reasons.

Is It a Wise or Thrifty Plan

to play fast and loose with Old Father Time when a little money spent now will assure safety and protection for those who are dependent upon you?

Now Is The Time

to buy Life Insurance—and the younger you are the better. You can then get better protection for less money. Ask any Insurance man to explain the policy he considers best for your age, needs and financial circumstances. He will advise fairly because his reputation depends upon it.

And When You Have Your Policy

don't forget that one of the sixteen Insurance Paying Plans offered by the "Thrift Savings Club" Department of this bank will take care of paying the annual premium in the most easy and satisfactory way possible. You simply divide this premium amount into fifty small payments, making a deposit of the proper size regularly each week. Or you can make twelve deposits—one each month—if that will suit you better.

ASK OUR ADVICE ABOUT THE "THRIFT" PLAN THAT WILL BE BEST FOR YOU.
